Verse 1

Quiet my soul, I surrender control
Hand to the plow, no turning back, It's onward we go,
With hearts full of faith, we've come to fight
Out of deep darkness, rising victorious, as children of light

Pre Chorus

So arise and shine for the light has come,
dawn is breaking through

Chorus

We won't be stopped, we won't be silet no, no-oh
Full speed ahead, right through the gates we roll, we roll

Verse 2

Face set like stone, I won't be ashamed
A kingdom unshaken, tested by fire, we won't fear the flame
Fire in these bones, hope in our hands
Angels before us, nothing can stop us, no weapon will stand

Pre Chorus

And the gates of hell shall not prevail, we are on the move

Bridge

Hear the sound of the roaring lion,
Hear the sound of a Holy violence
Hear the sound of a remnant rising up rising up (2x)
